DttP Update

n.

the Metapress service (a subsidiary of EBSCO.

everything except the most current 2 issues (rolling wall) from behind the firewall and be freely available to the public, hopefully via the Stanford archive site so that they will be searchable.

This is still under exploration.

beyond GODORT and she will send out a message for the Committee to post on relevant listservs.

Serial set book proposal

found. August Imholtz (Readex) has been sent the proposal and revised it with the suggestion that it be published by Readex. Decision by Donna and her co-editor Aimee Quinn pending on whether or not it will be a GODORT publication.

Occasional Papers

ing Steering I.

and Marcy Allen.

Managing Electronic Government Information in Libraries: Issues and Practices edited by Andrea Morrison

ld be designated. Barb will talk further

with Andrea to get her ideas
